<b>Discount Details</b>	
<p>For this enrollment, Microsoft provided the Customer's Partner a discount off of the Partner's Net Price. The Partner is required, by Microsoft, to pass on the discount to the Customer by reducing the Microsoft Product resale price by an amount equal to or greater than the discount.</p> <p>Listed on this form is the maximum price the Partner may charge for the Microsoft Products to be ordered under this enrollment. The Maximum Resale Price (MRP) is calculated by subtracting the discount provided to the Partner, from the total estimated resale price for the Microsoft Products.</p> <p>The requirement to pass through the discount does not mean that Microsoft is setting the Customer's actual price. Partners remain free to set the price charged for Microsoft Products at any point equal to or below MRP. The Customer's actual price will be established by a separate agreement between Customer and its Partner. Note that the MRP listed on this form does not include fees for non-Microsoft products, partner services or normal transaction costs. Normal transaction costs include taxes or other fees assessed by a local or federal government.</p>
