## Magic Keyboard for iPad Pro 13-inch (M4) - Tech Specs

Year introduced: 2024

### Color

White

Black

### Overview

Magic Keyboard for iPad Pro delivers an amazing typing and trackpad experience in a sleek, portable new design with an aluminum palm rest. The keyboard includes a 14-key function row for quick access to screen brightness, volume controls, and other features, and a USB-C connector for pass-through charging. The floating cantilever design smoothly adjusts to multiple viewing angles.

A new larger trackpad with haptic feedback is perfect for precision tasks like editing a spreadsheet and selecting text, or simply navigating your iPad with intuitive and familiar Multi-Touch gestures. And a durable outer cover provides front and back protection, perfect for taking iPad Pro anywhere.

### Highlights

Thin and portable cantilever design provides smooth adjustability and delivers the perfect viewing angle.

Built-in larger glass trackpad with haptic feedback.

14-key function row for quick access to screen brightness, volume controls, and other features.

Comfortable backlit keys and a scissor mechanism with 1 mm travel for quiet, responsive typing.

Designed for Multi-Touch gestures and the cursor in iPadOS.

Durable machined aluminum hinge includes a USB-C connector.

Folds into a case to provide front and back protection for traveling with iPad Pro.

System Requirements

iPad Pro 13-inch (M4) running iPadOS 17.4 or later.

## Apple Pencil Pro - Tech Specs

Year introduced: 2024

### Overview

Apple Pencil Pro adds even more magical capabilities to help bring your ideas to life. New advanced features make marking up, taking notes, and creating a masterpiece more intuitive than ever.

**Squeeze.** Apple Pencil Pro can sense when you squeeze it and brings up a new palette, so you can quickly switch tools, line weights, and colors.

**Barrel roll.** A new gyroscope allows you to rotate Apple Pencil Pro for precise control of shaped pen and brush tools.

**Haptic feedback.** A custom haptic engine provides precise feedback that you can feel. When you squeeze or double-tap, you'll feel a light pulse confirming the action.

**Apple Pencil hover.**<sup>1</sup> Preview exactly where your Apple Pencil will touch down on your display and see a virtual shadow of your tool. So you can write, sketch, and illustrate with even greater precision.

**Double tap.** Quickly switch between tools, like a pen and eraser, with a double tap on Apple Pencil.

And if you misplace Apple Pencil Pro while you're out and about or at home, you can easily locate it in the Find My app. Apple Pencil Pro attaches, pairs, and charges magnetically on the side of your iPad.

What's in the Box

Apple Pencil Pro
